

TAG-CARD TEMPLATE

Created by Else Tennesen

Instructions

- Photocopy onto cardstock; cut out. This is your template.
- Trace template and cut out tag-card out of cardstock. Notch at bottom of template is for positioning of scoring; do not transfer to actual tag-card.
- Score and fold. Drill hole with 1/4 inch hole punch. Position and punch slit center of right side as shown. Can also cut a V-notch with craft knife to simulate a slit. Insert card cover into slit to close.
